Eligibility Criteria For Integrated B.Sc. B.Ed. Program

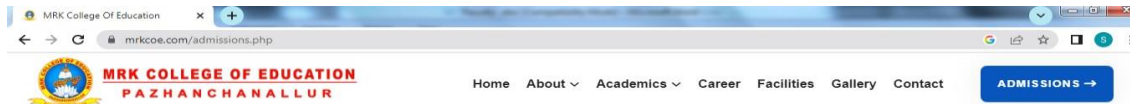

The Integrated B.Sc. B.Ed. program at MRK College of Education is a comprehensive four-year course designed to provide students with a dual qualification in science and education. To ensure that candidates are well-prepared for the demands of this rigorous program, the following eligibility criteria must be met:

Educational Qualification

- ✓ Candidates must have completed their Higher Secondary Education (10+2) or its equivalent from a recognized board.
- The qualifying examination must include subjects

Minimum Marks

- Candidates should have secured a minimum of 50% aggregate marks in their 10+2 examination. This percentage may vary slightly based on the institution's discretion or government regulations.

Age Limit

- There is generally no upper age limit for admission to the Integrated B.Sc. B.Ed. program. However, candidates should check specific institutional policies for any age-related criteria.

Language Proficiency

- Proficiency in English is preferred, as the medium of instruction is likely to be English. Candidates should have a good command of both spoken and written English.

Entrance Examination

- Some institutions may require candidates to appear for an entrance examination conducted by the college or a relevant educational authority. The entrance exam will typically assess the candidate's proficiency in science subjects, general aptitude, and language skills.

Interview/ Counseling

- Shortlisted candidates may be required to attend a personal interview or counseling session as part of the selection process. This helps in assessing the candidate's aptitude for teaching and their overall suitability for the program.

Website: <https://mrkcoe.com/infrastructure/>

The screenshot shows the website's header with the college logo and name, and a navigation menu. The main content area features two lab descriptions:

- Botany Lab**: The B.Sc.,B.Ed Biology Lab course introduces future educators to essential biological concepts and laboratory techniques. Key topics include microscopy, cellular biology, plant and animal physiology, genetics, and ecology. Students conduct experiments such as observing cell structures under a microscope, studying plant transpiration, and performing simple genetic crosses.
- Math Lab**: The B.Sc.,B.Ed Math Lab course focuses on developing mathematical concepts and problem-solving skills through hands-on activities and experiments. Key areas include geometry, algebra, calculus, and statistics. Students use mathematical tools, models, and software to explore these topics, fostering a deeper understanding and effective teaching methods.

The screenshot shows the website's header and navigation menu. The main content area features two lab descriptions:

- Chemistry Lab**: Our Chemistry laboratories are equipped with cutting-edge facilities designed to support the practical and experimental components of our B.Sc. and B.Sc.,B.Ed Chemistry programs. These labs provide an immersive environment for students to engage in hands-on learning, conduct experiments, and develop essential laboratory skills.
- Physics Lab**: Creating content for a B.Sc.,B.Ed Physics lab course involves designing experiments and activities that help future teachers understand key concepts in physics and how to teach them effectively. Here is a basic outline and some example experiments.

Sports

DNC Manivannan College actively promotes sports and physical education, emphasizing their importance in student life. The college provides excellent facilities for athletics, cricket, football, volleyball, and indoor games, encouraging students to excel in both individual and team sports. Regular tournaments, annual sports meets, and inter-collegiate competitions foster discipline, teamwork, and a healthy competitive spirit. With the support of dedicated coaches and modern infrastructure, students are inspired to achieve excellence in both academics and sports.

Zoology Lab

The B.Sc., B.Ed Zoology Lab course covers fundamental zoological concepts and hands-on techniques essential for teaching. Key areas include animal classification, anatomy, physiology, and ecology. Students engage in dissection, microscopic examination of tissues, and study of animal behavior. The course emphasizes developing practical skills and pedagogical strategies for effectively teaching zoology topics.

“TEACHERS CAN OPEN THE DOOR, BUT YOU MUST ENTER IT YOURSELF.”

About Library

The prime purpose of a library is to provide access to knowledge and information. To fulfill this mission, libraries preserve a valuable record of culture. Then they pass down this to the coming generations. Therefore, they are an essential link between the past, present and future. Libraries help the students to develop good reading and study habits. Public officials use libraries for research and public issues. The libraries provide information and services that are essential for learning and progress. Auxilium College Library was established in 2007. Stocking over 10550 books and 21printed journals and Magazines are available. It has computerized circulation service and provided with OPAC facility to know the availability of the documents (books etc.). DIGITAL LIB Open-Source Software used for issuing and returning of book. The Institutional Repositories is also provided with digitalized Question Papers etc. DELNET (Online Journals) and e-books facility is provided to the users.

- The Digital section is fitted with 12 computers for accessing digital resources available in the form of CDs, DVDs and also to access online resources.
- In the year 2016, Book Bank Section of the library was established.
- The automation process was started in the year 2018.
- The Barcode Technology was introduced in the year 2018.
- Wi-Fi Facility is available from 2019 onwards.
- Web OPAC-online search facility was launched on 2020.
- CCTV facility is available form 2017 onwards.
